

Kenneth (Ken) Matthews P.Eng.

Ken is a very recent retiree from Bell/Bell Aliant. His last official day was April 12, 2021. Ken was hired by Newfoundland Telephone in April of 1989 as a Business Services Engineer, looking after the special needs of larger Newfoundland customers. He retired 32 years later as Account Architect, looking after the technical requirements of Nav Canada on a national basis. Ken was responsible for design, costing, provisioning, installation supervision and support of various customer telecommunications networks and systems including; PABX; video/audio broadcast; IP based services; video/audio conferencing; private line, switched data, packet data and voice services.

Ken was the recipient of a Bell Unity Award for demonstrating commitment to achieving Bell Business Markets operational goals and strategic initiatives in 2020. Also a winner of Nav Canada Supplier Recognition Award of Excellence (2012, 2013, 2015, 2016, 2017, 2018). No awards issued after 2018.

Ken has been a member of the Bell Pension Information Committee for two years as an active member, prior to retirement. Other previous experience is as a member of the board of directors of Masonic Park, [a](#) non-profit seniors' complex in Mount Pearl Newfoundland, for seven years.
