

## **Tony Scandella**

Tony Scandella joined Bell as a student in the summer of 1979 before becoming a full-time employee in May 1980.

Most of his career was in Engineering and Operations but also Technology Development. His teams notably developed solutions for ADSL, Fiber to the Node and Fiber to the Home.

Happily retired since January of 2019, his projects now include home improvement, sports, reading, travel and family time.
